Review of Season

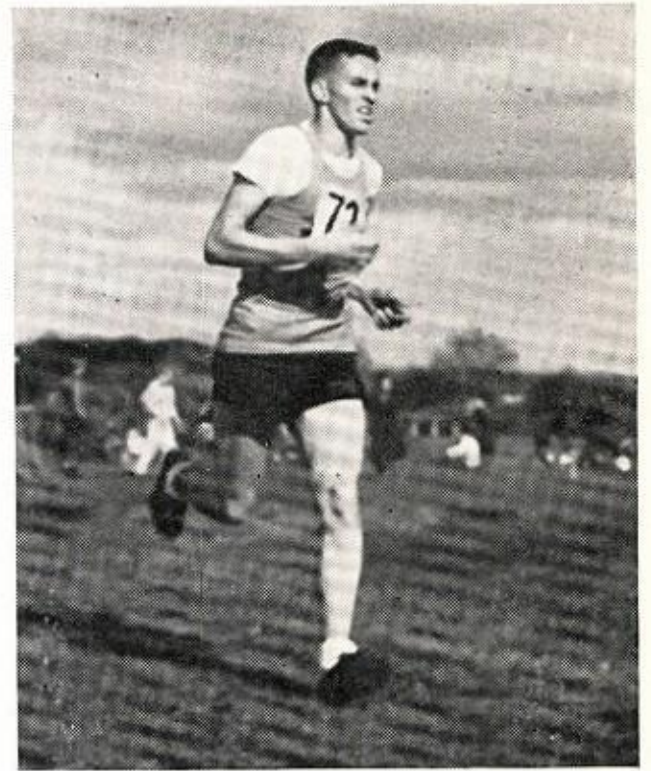

The Jackson High Harriers finished another excellent year with only one defeat, in a dual-meet, when Battle Creek edged the team out by one point. Jackson took the Class A state championship for the third year in a row. They also captured the 5-A championship for the third consecutive year and were awarded the trophy permanently. The Hastings and Albion Invitational trophies were also added to the team's collection. The varsity boys did a grand job of running and were kept on their toes by the reserves who were constantly fighting for varsity places.

GIRLS' SPORTS

Girls' Athletic Association

The Girls' Athletic Association strives to promote the ideals of health and sportsmanship and to stimulate interest in extra curricular activities in physical education for girls. If a girl has enough ambition and drive to earn awards, she may earn Numerals, "J's," "Star J's," and Pendants which are presented each semester. Last year at Ann Arbor a group of our members attended a G.A.A. Field Day for 5A schools. It was a great success and everyone hopes it will be an annual event. The Girls' Athletic Association sincerely hopes that girls be inspired to join in on a grand time that is offered them in all of the different sports.

High school years are happy years for most boys and girls. In addition to work and study, the many social activities, sports events, and the thrill of graduation account for pleasant memories that last all through life. But there's one person in this picture who is generally overlooked, and it isn't until the student starts to make his way in the world that he fully appreciates how much his teacher or instructors meant to him. School teachers are mighty important people. Teachers more than any other group have the greatest responsibility for building strong characters and molding the ideals of good citizenship among today's boys and girls . . . our leaders tomorrow.

Reddy Kilowatt, your electric servant, wishes you and your teachers every success in your future undertakings.

Best of luck.
Ber Willnow.

Mary,

It has been
a great pleasure
having you in
class. You
were most
helpful and
thoughtful at
all times.

May the lessons
learned in design
lead you through
a perfectly designed
pattern of living.

Sincerely,
Olivia Krause
